

Developing and Scaling COVID-19 Vaccines

May 13, 2020 at 12:30 – 2:30 pm ET

A webinar by the Duke-Margolis Center for Health Policy and the Alexandria Summit

Objective: To explore issues, strategies, and policies for developing and scaling COVID-19 vaccines.

- 12:30 pm** **Welcome and Overview**
Mark McClellan, Duke-Margolis Center for Health Policy
- 12:45 pm** **Fireside Chat**
- Mark McClellan, Duke-Margolis Center for Health Policy
 - Anthony Fauci, National Institute of Allergy and Infectious Diseases, National Institutes of Health, U.S. Department of Health and Human Services
- 1:00 pm** **Envisioning a Path Forward**
Remarks from Scott Gottlieb, American Enterprise Institute and former Food and Drug Administration, U.S. Department of Health and Human Services
- 1:05 pm** **Session One: Vaccine Development**
This session will explore vaccine development under an accelerated timeline, including strategies to develop or modify technologies, participate in cross-sector collaborations, conduct clinical trials, and achieve approval – all during an active pandemic.
- Peter Marks, Center for Biologics Evaluation and Research, Food and Drug Administration, U.S. Department of Health and Human Services
 - Tal Zaks, Moderna Therapeutics
 - Adrian Hill, Jenner Institute and Oxford Martin Programme on Vaccines
 - John Reed, Sanofi
- 1:45 pm** **Session Two: Vaccine Production and Access at Scale**
This session will explore the scope and scale of manufacturing needs, once a vaccine has been developed and approved, to prepare for demand and ensure appropriate access.
- Luciana Borio, In-Q-Tel and former National Security Council Director, Medical and Biodefense Preparedness
 - Paul Stoffels, Johnson & Johnson
 - Richard J. Hatchett, Coalition for Epidemic Preparedness Innovation
 - Victor Dzau, National Academy of Medicine
- 2:25 pm** **Closing Remarks**
