

## North Carolina State Transformation Collaborative

# Advancing Whole Person Health Care Through North Carolina's State Transformation Collaborative

**Thursday, May 23, 2024**

**3:00 – 5:00 pm ET**

Geneen Auditorium, Fuqua School of Business at Duke University  
Virtual via Zoom

### Meeting Objectives

- Highlight progress on the key goals of the NC State Transformation Collaborative (NC STC) of improving population health, advancing health equity, enhancing patient experience, relieving provider burden, and reducing costs.
- Provide an overview of the NC STC Alignment Proposal, a proposed set of actions to address shared challenges across key NC STC strategies – aligning quality measures, improving data infrastructure, and enhancing health equity data to enable advanced, coordinated care models, starting with primary care.
- Hear feedback from stakeholders on the current and future work, and discuss ways to make progress as a state on key goals for the NC STC over the next year.
- Discuss opportunities to build momentum for multi-stakeholder alignment and scale early successes.

### Meeting Agenda

**3:00 pm**      **Welcome, Goals, and Overview**

**3:10 pm**      **NC Department of Health and Human Services Opening Remarks**

**Objectives:** Share updates on North Carolina Department of Health and Human Services' goals for health care transformation and highlight the importance of multi-stakeholder collaboration in advancing health and well-being in North Carolina.

**3:20 pm**      **Launching the NC State Transformation Collaborative: Synthesis of Progress to Date**

**Objectives:** Summarize the progress that has been made on the NC STC since the launch of the NC STC. Preview the action areas included in the NC STC Alignment Proposal, underscoring the shared challenges these actions are intended to address and how they connect back to the goals for the NC STC. Outline next steps to further develop the action areas.

**3:30 pm**      **Panel 1: Achieving Progress through the NC STC Alignment Proposal**

**Objectives:** Reflect on the NC STC Alignment Proposal, highlight how the proposed action areas outlined in the NC STC Alignment Proposal connect to strategic priorities and initiatives across the state, and share how the proposed action areas can enable participation and success in value-based care models as well as better population health outcomes.

**3:55 PM**      **Open Comments & Discussion**

**Objectives:** Solicit public feedback on proposed action areas, potential implementation considerations, and opportunities to further advance the NC STC's shared goals.

**4:05 PM**      **Looking Ahead: Advancing Health Equity through the NC State Transformation Collaborative**

**Objectives:** Highlight how multi-stakeholder alignment on health equity data can support efforts across organizations establish more coordinated and targeted interventions to address health disparities.

**4:10 PM**      **Panel 2: Leading Practices for the Collection, Sharing, and Use of Data to Improve Health Equity**

**Objectives:** Highlight leading practices and early innovators for using health equity data to improve health and well-being in NC. Topics covered will include how to build community trust in data collection, when and how to share health equity data, and future priority areas for the NC STC health equity work.

**4:30 PM      Open Comments & Discussion**

**Objectives:** Solicit public feedback on opportunities to identify and address longstanding health disparities in North Carolina through multi-stakeholder alignment.

**4:40 PM      Fireside Chat with the Center for Medicare & Medicaid Innovation**

**Objectives:** Reflect on how North Carolina's multi-stakeholder alignment efforts on performance measurement, data sharing, and health equity connect to and support the Innovation Center's data sharing strategies and health equity initiatives.

**4:55 PM      Summary and Next Steps**

**5:00 PM      Networking Reception**
