

## Real-World Evidence Collaborative White Paper Citations Tracker

The Duke-Margolis Institute for Health Policy's Real-World Evidence Collaborative is proud to have its white papers cited in a diverse number of publications. The following running list of citations is current as of September 2024.

### Table of Contents

A Framework for Regulatory Use of Real-World Evidence	Page 2
Characterizing RWD Quality and Relevancy for Regulatory Purposes	Page 16
Determining Real-World Data's Fitness for Use and the Role of Reliability	Page 23
Understanding the Need for Non-Interventional Studies Using Secondary Data to Generate Real-World Evidence for Regulatory Decision Making, and Demonstrating Their Credibility	Page 31
Adding Real-World Evidence to a Totality of Evidence Approach for Evaluating Marketed Product Effectiveness	Page 34
A Roadmap for Developing Study Endpoints in Real-World Settings	Page 38
Point-of-Care Clinical Trials: Integrating Research and Care Delivery	Page 40
Aligning Shared Evidentiary Needs Among Payers and Regulators for a Real-World Data Ecosystem	Page 41
Improving Patient Subgroup Representation with Real-World Data	Page 42
Lessons from Learning Health Care Systems and Recommendations for Successful Implementation	Page 43
Real-World Evidence to Support Causal Inference: Methodological Considerations for Non-Interventional Studies	Page 44

## A Framework for Regulatory Use of Real-World Evidence

“The First White Paper” | Published September 2017
